MAESTRO

by Aptar

BE OUTSTANDING! BE A CHEF!

An Enjoyable Cooking Experience

- Easily identify which way to pour: **intuitive dosing** with raised spout.
- Provide **effortless opening** and closing with a wide finger recess.
- Comfortably fit different cooking purposes: **Pianissimo and Fortissimo orifices**.
- Provide a **constant flow** with the venting mechanism.
- Offer the assurance of a **tight seal** with audible click upon closing.
- Convenient **one-hand usage**.

Smart and Modern Lifestyle

- Premium and unique package with a transparent and **shiny body** paired with **colored spout**.
- Facilitate **e-commerce** sales expansion as Maestro is ISTA-6 friendly.
- Play with colors and **catch consumer's attention on shelf**.
- **Wide application**: edible oils, vinegars, salad dressings, syrups, creamers, and more.

Cleanliness Everywhere

- Avoid leaks, drips and mess: **innovative cut-off** feature.
- Tightness between lid in PP and raised spout in PE promotes **packaging integrity and product safety** during shipping and handling.

Leading the Way to Sustainability

- Breakthrough snap-on closure: **no detachable parts**.
- **Lightweight** (3.03g).
- Made of **100% recyclable materials**, PP & PE.
- Opportunities for **reduced eco-tax fee**.

Play your own symphony!
